

## Netting + Collateral Reviewer

Thank you for subscribing to the Simmons & Simmons Netting + Collateral Reviewer. We hope you will find the Service a user-friendly and intuitive way in which to access Legal Reviews on netting and collateral enforceability.

Each of your selected jurisdictions are identified on the left hand side-bar. To access each matrix, please click the Country you would like to visit. This will take you initially to the Netting Review matrix for that jurisdiction. You will also see a "Collateral" tab, which will take you to the Collateral Review.

Don't forget, once you have visited the full Legal Review matrix for a jurisdiction, you may wish to click on the "Confirm Access" button at the bottom of the relevant page. This is designed for audit purposes, and will result in an email being sent to your designated address confirming that you have accessed that Legal Review. There is a separate button for each of the Netting Review and the Collateral Review. We hope that you will find this a useful feature of the Service.

Where any information in a Legal Review for one of your selected jurisdictions is materially updated, you will receive an email alert with a link back to this site.

If you have any queries on the Service, or would like to suggest any improvements, please contact us at [nettingandcollateral@simmons-simmons.com](mailto:nettingandcollateral@simmons-simmons.com) or speak to your usual Simmons & Simmons contact.
